**Payment:** Payment is due in full within 25 days of the auction ending. You will be able to submit a credit card payment online or send a check after invoices are complete with ship cost & taxes. There is an additional 3% fee if you pay with a credit card. This fee can be waived if paid by check. Please contact Ward's Auctions for alternative payment options. Will Call clients are able to pay their invoices with credit card, cash or check. Bidders that have not paid their invoice within 25 days immediately following the auction will be notified and given a chance to send payment before we automatically charge the credit card on file. All bidders are required to have a credit card on file to bid. A legal contract is made when you bid on and win an item. If a bidder refuses to pay his or her account for any reason, we will charge your credit card for the full amount, and you will be banned from bidding in future auctions.

**\*ALL CUSTOMERS:** You will HAVE TO login and add a valid credit card before you can bid. You can do this under the "My Account" tab at the top of the home page by clicking on the tab that says "Payment Methods" or icon that looks like a credit card. Credit card info was not transferred from our old site for the safety and security of our bidders.

**\*ALL CUSTOMERS - State and Local Sales Taxes Update\*:** Effective with the February 2026 Auction, 14 States (AZ, CO, IL, IN, KS, MI, MN, MO, NE, ND, OH, PA, TN, WI) have met annual sales thresholds, so applicable state and local sales tax will be applied to your invoice. The addition of sales tax to your auction invoice is due to your state's thresholds. Please refer to the email we sent out on January 15th 2026, for more details. If you have signed up with us since the 15th or did not receive/read the email, please reach out to us and we will send you more detailed information.

**PAYMENT METHODS** We accept most major credit cards or check. You may pay with cash or a debit card if you are going to Will Call your items.

**Storage Fees:** Ward's Auctions allows our customers a reasonable amount of time to either pick up their auction items in person or pay to have them shipped. Normally, up to 15 days, (22 days if bringing consignments. We allow this extra week for anyone wanting to bring consignments and pick up, because we do not want any consignments the first 2 weeks of pick-ups) time is allotted for customers to pick up items, or 30 days to have items shipped. This timeline may change depending on unique circumstances, but it is up to the sole discretion of Ward's Auctions to determine the total time allotted. After the 30-day period (15 days for will call), or extended period allowed, Ward's Auctions may implement a ?Storage Fee? for any items remaining in our facility. Fees and calculation rates will vary depending on type and size of items, number of items, previous issues with account, etc., all determined by Ward's Auctions. Generally, storage fees will start at \$10 per week per item. All storage fees for items in Will Call will be paid to Ward's Auctions Store Front. We will make reasonable attempts to reach out to customers to notify them of minimal time remaining and fees accumulating. If the fees accumulated have reached, or surpassed, the value of the item (the amount the customer paid at auction) Ward's shall take ownership of the item as payment for the storage fees. Any item forfeit to cover storage fees has not waived the customer's requirement to pay for all items they have won at auction. Ward's Auctions reserves the right to make storage fees, the accumulation of storage fees, and the time when storage fees begin more lenient if we deem necessary depending on customer communications. Ultimately, we do not want to be left in the dark after an auction, so if you need time, please communicate with us. That will help us be more lenient and understanding. By bidding on any item in our auctions the customer has agreed to all our rules. Failure to comply with these rules may result in disciplinary action up to being banned from all future auctions.

**Items retracted from consignment:** For any items consigned to the auction, Ward's Auctions allows the consigner a 1-week period, from the date the item was received by Ward's Auctions, to retrieve the item if they decide they want it back. An item is consigned when a customer leaves the item with Ward's Auctions, with the intent to sell the item at auction. Any item brought in after the consignment cut-off date for the auction in which the item would have been sold, may not be taken back. Any item that is put into an upcoming auction, despite being consigned after the consignment cut-off date for that particular auction, is an exception made by Ward's Auctions in favor of the consigning customer. For each item

taken back after being consigned to Ward's Auctions, the consigning customer will pay a \$25 retraction fee per item taken back. Any firearms taken back that require a background check are subject to transfer fees implemented by Ward's Auctions store front, where the background check will take place. Ward's Auctions assumes all customers are familiar with our rules and agree to them each time they participate in our auction process as a bidder and/or consigner.

#### Service Fees:

**Gun Cleaning Fee:** \$10 for long guns, \$5 for pistols \*(We will only charge you this fee if your gun is excessively dirty or rusty. (Basic cleaning such as guns being wiped down with protective oils or cleaning solvents & basic bore cleaning is apart of our service.)

**22 Identification Fee:** \$1/box for collectible 22 boxes that we have to identify using the 22 Box ID by Roger Huegel

**Cartridge Identification Fee:** charges will vary depending on how long it takes to sort the collection & identify cartridges \*(This fee is determined by our cartridge identifier)

**Gunsmithing Fee:** charges will vary \*(If we determine there is a mechanical issue with your firearm, we will consult you before sending a firearm to our licensed gunsmith for repair)

**Issued Payments:** Ward's cuts ALL checks approximately 45 days after the auction ends. The allotted time gives us the opportunity to acquire all funds, deal with any returns and redistribute the funds back to our sellers. We appreciate your patience during this period. Notice: Bidders who pay by check and return an item will get their refund at this time too.

**IMPORTANT!** We cut ONE check, regardless of the amount. If you wish to have your total amount broken up into smaller increments, there will be a \$10 fee for every additional check we have to write. Please contact us after EACH auction to request this.

**REMOVAL**No items can be removed from the auction once it begins.

**SHIPPING:** Winning bidders are responsible for all shipping and handling fees. All packing & shipping is done in-house. Bidders can request either USPS or UPS for shipment depending on their winnings. If no special request is made, we will use the least expensive carrier and method. By default, we will apply insurance for each package for its full value & require a signature unless instructed otherwise. We do not let any packages leave our warehouse until all items are accounted for. Normally, the first shipment of paid packages goes out 8-9 business days after the auction ends. When payment is received, shipment will go out the same or next day depending on the carrier's scheduled pick-up time. There are rules set by shipping companies and rules we have placed ourselves; they are as follows:

**USPS: NO AMMO OR HAZARDOUS MATERIALS CAN BE SHIPPED VIA USPS (INCLUDES PRIMERS)**

**UPS: FIREARMS & AMMUNITION CANNOT BE SHIPPED TOGETHER, REGARDLESS OF TYPE/CALIBER**

**UPS: HANDGUNS MUST GO 2ND DAY AIR**

**UPS: ALL GUNS REQUIRE SIGNATURE**

Firearms that require an FFL or C&R, we need a current copy immediately after the auction ends.

You will not be charged a transfer fee from us, but the accepting FFL may have a fee. Please check with your local FFL.

All orders under \$200 will be shipped without signature or insurance unless instructed otherwise. All orders over \$200 will be shipped with signature & insurance unless instructed otherwise. Shipping preferences need to be submitted to us no more than 48 hours after the auction ends

There are no guarantees on shipping preferences if notified after the 48-hour time frame.

Shipping costs are determined by a variety of factors including, but not limited to: Size, weight, Address (residential/commercial)

We only charge the base cost of shipping (at our discounted rate), plus time & materials.

USPS/UPS do not consider what an item is worth when determining ship costs.

Example: A \$5 decoy is going to cost the same to ship as a \$150 decoy.

Shipping costs are non-refundable!

+ **IMPORTANT SHIPPING NOTE:** Please have contact information, addresses, payment method & licenses updated **BEFORE** the auction ends. If you make changes to any of that information **AFTER** the auction ends you need to call us and let us know! Our system does not give us automated updates when those are changed!!

+ **DAMAGED SHIPPING BOXES:** If you receive your box and it has been damaged in route, please keep the original shipping box as well as the packaging materials used. Shipping companies require that photos be taken when dealing with a "Damaged Goods" claim & you will need to submit evidence of the damaged box/goods.

**Special Shipping:** Unusual, large, heavy, or fragile items will require special shipping arrangements

resulting in additional costs. Bidders are responsible for any special arrangements or additional costs that are incurred in that process.

**International Sales:** It is the bidders' responsibility to know the laws of their country and arrange customs clearance and any other special accommodation needed when purchasing firearms & ammunition.

**Domestic Sales:** It is the bidders' responsibility to understand and know the laws of the state in which you reside when it comes to purchasing firearms & ammunition. Any special accommodation that is needed will need to be arranged by the bidder.

**RETURNS:** Wards has a 30-day return policy from the day the auction ends. This policy is on a per item basis. Returns will be issued in the original form of payment or auction credit, whichever the buyer prefers. Wards will be as understanding as possible in dealing with returns, but some situations do not constitute a return of an item. If the winner is dissatisfied with the grading of the item, you can call us to discuss the grading and possible return of an item. In the case of an authenticity error, we will honor the return of any item if you can provide us with proof that it contradicts our description. Notice: if you do not pay your invoice within the 30-day return period, you are not eligible to return any purchased items. **NO RETURNS ON BARGAIN LOTS!**

**Buyer's Premium:** There is a 18.000% Buyer's Premium in effect for this auction.
